TEAM APPAREL STRUCTURE

1 **INLINE**

Mizuno inline range consists of a vast range of team apparel and equipment stocked at Mizuno's European warehouse. The inline range is available in many key colour & sizes and can be personalised using print and embroidery.

2 **BESPOKE SUBLIMATION**

Sublimation is a manufacturing process that allows for limitless design possibilities. Mizuno predominately uses sublimation for on field/court playing kit. The process allows for club crest, sponsor logos, names and numbers to be embellished into the garment for no additional cost.

3 **BESPOKE CUT & SEWN**

The term 'Cut & Sewn' is when pre-coloured fabrics are cut to shape and sewn together to create a new bespoke garment. There is still a wide range of colours to select from and logo, names and number can be applied to garments using either an embroidery or print method.using either an embroidery or print method.
