The Brand

To support the netball family by providing products that ensure they feel confident, look good and perform at every level to achieve their goals.

Gilbert are a world renowned netball brand committed to global distinction and excellence. We assist with the development of this much loved game by strengthening relationships within the netball family to equip and enable all participants to grow the game at every level. Our products are sold in each netball playing region and country around the world and we continually strive to improve alongside our partners and the netball elite.

Gilbert Netball launched its first netball range back in the 1990's and has since become one of the most established netball brands worldwide. A leading provider of equipment for netball which has adapted its unrivalled ball engineering from rugby to netball, we are able to provide the best performing patented grip patterns available. Gilbert has also perfected the use of new synthetic technologies as seen with the INF Match Ball, the Synergie X5.

This continued evolution of Gilbert's technology has ensured that we have maintained our position as a market leader by retaining the high standards set by James Gilbert over 180 years ago.

The new 2018 Gilbert Netball range now caters for much more than just netballs. Our range of team wear, clothing and equipment is endorsed by international players and netball teams worldwide and has been developed specifically to meet the requirements of our netballers, officials and supporters. Improvements have been made to the range to reflect your consumer desires both on and off the court, and thus, support the netball family at every level to achieve their goals.

For more information about our ambassadors and ranges please visit our website: www.gilbert-netball.com or search our social media channels.

INTERNATIONAL
NETBALL
FEDERATION

INF

The INF (International Netball Federation) have been in a thriving partnership with Gilbert Netball since 2004. This successful partnership ensures all member countries and associates continue to benefit from the full involvement of girls and women at every level and in every area of the sport.

Gilbert are proud to continue to supply and manufacture for the INF and a host of the top ranked netball federations and associations around the world, in addition, we partner with many of the leading female global initiatives such as One Netball, UNICEF and UK Sport.

NETBALL
WORLD CUP
LIVERPOOL 2019

The Netball World Cup

The Vision

To host the “Best World cup in Female Sport”

Will not only empower women but will provide an environment where they can be themselves and revel in shared successes on and off the court.

The Tournament

The Netball World Cup in Liverpool 2019 is the 15th edition of this premier international netball tournament.

It will take place in Liverpool from 12th – 21st July 2019.

It is the third time the Quadrennial event has been held in England.

Australia have been the Netball World Cups most successful team with 11 wins since the first World Cup which was held in Eastbourne in 1963.

The Teams

Sixteen teams from across the continents will compete for Netball’s ultimate prize.

Participating teams are selected through both rankings and regional qualifying tournaments.

The top six world ranked teams automatically qualify for Netball World Cup 2019 and are joined by the top two teams who qualify from each of the continental regions: Africa, Americas, Asia, Europe and Oceania.

The City of Liverpool

Liverpool is a recognised as a UNESCO World Heritage Site.

For all your Netball World Cup 2019 news visit their social hubs on Twitter, Facebook, Instagram, Youtube and Snapchat. Include #NWC2019 and get talking about the event!

Synergie Pro

XKE

Integrated Stability Support System

The innovative logo design incorporated into the construction of the Spectra V1 shoe provides a cradle for the foot offering excellent lateral support which compliments in-play netball dynamics.

Litex Mesh Upper

The Spectra V1 is comprised of a lightweight, breathable mesh which allows moisture to escape the shoe and the foot to breathe during periods of prolonged activity, maintaining player comfort and freshness.

Radial 360 Grip

The Xtra-Dura compound sole combined with the Radial 360 Grip offer improved grip and durability required for the specific dynamics of netball.

DESIGNED FOR ELITE PLAYERS

Upper:

- POWERBRACE X System – Innovative logo design with HYB Weld Technology provides a cradle which offers excellent lateral support for the foot.
- LITEX Mesh Upper – Lightweight, breathable mesh upper.

Internal:

- Impact Protection System PRO (IPS) – A breathable, lightweight, antimicrobial Smart foam layer absorbs energy and impacts.
- PROLAST L – Built using the female anatomical structure to provide a superior fit.
- XRX Footbed – An advanced open cell, high impact foam footbed maximises energy transfer and cushions impacts when planting the foot.

Sole:

- XTRA-DURA Rubber Compound – For netball specific dynamics on key pivot points of the foot.
- PIVOT1 Outsole – Designed with a forefoot rubber wrap system for improved grip and durability.
- PRO DD Midsole – Dual density midsole with additional stability on the instep provides superior key arch support.
- A cushioned top layer provides comfort whilst a harder, high density base layer ensures stability and maximum energy transfer when planting the foot.

Sizes:

3-11

Colours:

Pink/Fluorescent Yellow.

GMA

Synergie V2 Grip

The Synergie V2 Grip offers better hand to ball contact, giving players better control and passing accuracy.

18 Panel Construction:

18 panel construction offers a stronger, more resilient product with improved longevity. It also allows for a more even distribution of air within the ball's bladder.

Hydratec Surface:

The Hydratec surface offers players unparalleled control by allowing moisture from the environment or hands to run away from the surface of the ball.

It's great to be partnering with Gilbert, they are an excellent netball brand and it's exciting to be able to work with them on new ideas and ranges both on and off court. Kit is really important to both the players and the fans, this relationship with Gilbert will give us an opportunity to really push the Wasps brand and highlight our fantastic team.

Tasmin Greenway – Gilbert Netball Ambassador and Director of Netball at Wasps

#JOINOURTEAM

OFFICIALS

Gilbert Netball are proud to be the official exclusive clothing supplier and manufacturer to the International Netball Federation's Umpires and Officials. Our specially designed and developed ranges are not only suitable for players of all levels, but Officials and Support Staff too.

Size Chart

The fit of your clothes depends on many things, including the cut, fabric, styling and even the undergarments you are wearing. By following our body guide and how to measure guide, we hope to find you the best possible fit. It is always suggested that you measure more than once as your posture changes when you move and sometimes effects the measurement you take.

The fit of your clothes depends on many things, including the cut, fabric, styling and even the undergarments you are wearing. By following our body guide and how to measure guide, we hope to find you the best possible fit. It is always suggested that you measure more than once as your posture changes when you move and sometimes effects the measurement you take.

Measuring Guidelines

Chest Circumference

Measure all the way around- taking the tape approximately 2.5cm from pit of arm, around the fullest part of the chest. Try to keep the tape level.

Waist Circumference

Measure all the way around- taking the tape around the natural waist (this is the narrowest part of your waist). Try to keep your tape measure level. Our trousers and shorts are elasticated so there is always plenty

of room for movement here - if you are confused use the hip measurement.

Lower Hip Circumference

Measure all the way around taking the tape around the fullest part of the bottom. Try to keep the tape level.

Inside Leg

Measure from the top of the inside leg to bottom of the heel. Please remember you can always take a trouser up if they are a little long, try turning the waistband or sewing the hem.

General Tips

1. Measure yourself wearing underwear - do not measure over clothing.
2. Stand straight and keep both feet on the floor.
3. Make sure the tape measure is kept level.
4. Ask a friend to help take your measurements -(it's sometimes easier to have help).

Our ranges are designed with layering in mind. If you buy a jacket for your body size, you can be sure you will be able to fit a top and a light sweater underneath.

All measurements are an approximate guide.
