ARTWORK REQUESTS

For all new work, please send your requests to canterburyartwork@pentland.com, including the following:

- 1** Title for request - think about how to make it easily identifiable, for example: 'Joe Bloggs RFC (Pro Team)' rather than just Joe Bloggs RFC which could refer to juniors or multiple other live requests. This will help us feedback quickly and easily.
- 2** A brief of what you want the team to do, including clear deadlines.
- 3** Codes for the product required (these can be found through price lists or the product linebook catalogue).
- 4** Colours for the design – Pantone Colours or Canterbury standard colour references. Generic terms like 'bottle green' could be multiple colours and therefore lead to errors or delays.
- 5** Any logos or assets required (meeting relevant quality standards e.g. vectorised).

If the request is an update to a CAD(s) being worked on already, or for the same club you have sent a request for in the last few days, you are welcome to go direct to the member of the team working on it. However, to make sure you're looked after if the individual is on annual leave, please still copy in the Canterbury Artwork email address canterburyartwork@pentland.com. Our SLA for graphics turnaround is 3-5 days, but if you've heard nothing from us, do feel free to follow up from day 4 onwards.

TRAINING & LEISURE - CUT & SEW

For our MTO training and leisure ranges, we have 5 designs that can be applied across all product types, using our standard cut and sew Canterbury colours. What will you create?

CUT & SEW DYED

Create interest on your team kit through dynamic panel styling and fabric construction. Mesh and non-mesh fabric panels are sewn together and available in over 20 Canterbury standard colours. The fabric is the same colour inside and out.

Team crests and the Canterbury logos are applied by hard-wearing embroidery or printed heat transfers.

Contact your teamwear partner for more information, plus additional sublimation options on select products / designs.
