## WHY CHOOSE GRAY-NICOLLS?

### Designed for First Class performance:

More First Class counties choose Gray-Nicolls team wear than any other brand. By sourcing your kit through us you can expect the same high quality as Durham CCC and Glamorgan CCC.

### Garments that are stylish, durable, comfortable and technical:

Our designers and developers use the highest quality fabrics to ensure you can look and play at your best.

### The choice is yours:

With over 38 products available in up to 7 different colour-ways, we have the ability to provide your club with a plethora of design options.

### Unrivalled stock holding:

We hold stock for 12 months of the year, giving us the ability to offer a quick turn-around at any time of the year.

### We are a one stop shop:

By partnering your team with a market leading cricket brand, we can not only assist your team with the supply of team wear, but equipment too.

*“At Durham we are delighted to be supported by Gray-Nics. They have a respect for the traditions and history of the game, while keeping a desire to be at the forefront of innovation and progress. This is what we strive for as a club, so being associated with a company with similar values is important.”*

-Jon Lewis, Coach and Director of Cricket at Durham CCC.

*Where tradition meets innovation*

# The **SIZE** charts

*The fit of your clothes depends on many things, including the cut, fabric, styling and even the undergarments you are wearing. By following our body guide and how to measure guide, we hope to find you the best possible fit. It is always suggested that you measure more than once as your posture changes when you move and sometimes affects the measurement you take.*

### Clothing Size Chart

Our ranges are designed with layering in mind. If you buy a jacket for your body size you can be sure you will be able to fit a top and a light sweater underneath.

All measurements are an approximate guide.

### Chest Circumference

Keeping the tape level, measure all the way around the fullest part of the chest approximately 2.5cm below the arm pits.

### Waist Circumference

Keeping the tape level, measure all the way around the narrowest part of your waist (our trousers and shorts are elasticated so there always plenty of room for movement).

### Low Hip Circumference

Keeping the tape level, measure all the way around the fullest part of the bottom.

### Inside Leg Measurement

Measure from the top of the inside leg to bottom of the heel. (Our trousers are designed to fit inclusive of shoes.)

Please remember you can always take a trouser up if they are a little long. Try turning your waistband over or sewing the hem.

### General Tips

- Measure yourself wearing underwear.
- Do not measure over clothing.
- Stand straight and keep both feet on the floor.
- Make sure the tape measure is kept level.
- Ask a friend to help take your measurements (it's sometimes easier to have help).
